Dear Gentlemen:

I am writing in response to your letter advising that the Court was attempting to reach a decision releasing certain type of claims toward Delphi and that if I objected that I should express my claims in written form.

I am not an attorney, but I dispute my claim being released, as I timely filed a lawsuit against Delphi and said lawsuit was pending at the time of filing for relief by Delphi. My objection is that Delphi is believed to have had liability insurance in effect at the time of my injury due to defects in their product and that any claims I have would be due to be paid from the insurance company(s) limited only to the policy limitations. By dismissing my claims you are releasing the insurance company from their liability to Delphi and/or to me. The insurance company is not a party that is due to be granted relief in this matter under the current pleading. By releasing this claim the Court would be unjustly releasing the insurance company and thereby unjustly enriching them. In addition, I would be damaged by the failure of them to pay for my injuries and/or damages if a jury of my peers find Delphi to have been liable.

I have enclosed a copy of my complaint for your review and all I am asking is that I be allowed to move forward in this matter limited to insurance policy benefits-limits only. If you have any questions or would like to schedule an interview, or if you need more information, please call me at (334) 270-8791 or write to me at the above address.

Thank you for your consideration and help in this matter.

Sincerely,

Mark Presnall  
Enclosure

I am Mark Presnall. I have lost my trucking company. Above is a copy of my defaulted business.

In 2004, in a nice day in June, an AC Delco battery which was under warranty, blew up in my eyes and my face. By the end of '04, a tumor appeared in the right side of my throat. In '05, we were treating it with antibiotics. By Christmas of that year, I was diagnosed with cancer, a rare form of skin cancer in my tonsils. In '06, I began chemo and radiation. By mid '06, I began my surgeries.

I have lived in Clark County, not at the address you have been sending information to. I am without council, but I do possess the battery as well as the car it happened in. I am now single with a six year old child and a fifteen year old young man. I am currently on SSI disability. I am having to raise my children on \$1100 a month. My trucking company was grossing over \$100,000 a year with one truck. I am pleading for someone to take interest in this case. Mark Presnall
